OBJECTIVE

Motivated and experienced software engineering student seeking a new developer role to develop user-friendly applications that enhance user experience and business operations. With a strong foundation in front-end and back-end development, I excel at driving efficiency, delivering successful outcomes, and collaborating with cross-functional teams.

EXPERIENCE

DAT (Daiwa Institute of Research) Website	Yangon, Myanmar
Junior Software Engineer (Apprenticeship)	August 2024 - November 2024
Tech stack: Java with spring boot, Thymeleaf, RestAPI, UIPath, C#	
<ul style="list-style-type: none">Implemented secure login API using JWT and OAuth2.0, and authored comprehensive API documentation for seamless integration.Developed web push and WebSocket notifications for real-time updates.Tested SFTP file uploads (single/multi-path) and explored an RPA project using UIPath and C#.	
Lom-Tech Website	Yangon, Myanmar
Backend Developer	April 2025 - Present
Tech stack: Java with spring boot, RestAPI, Canvas LMS API	
<ul style="list-style-type: none">Implemented APIs for frontend developers and integrated them with client API.Created documentation for the developed APIs to ensure ease of use for frontend developers.AWS S3, Redis, Docker, Git, GitLab, Microservices.	

PROJECTS

Chat-App Preview GitHub
Tech stack: MERN (MongoDB, ExpressJS, ReactJS, NodeJS)
<ul style="list-style-type: none">This project is a real-time chat application with user registration, hover effects, and smooth navigation. Integrated Socket.IO for instant messaging and MongoDB for efficient data storage, enabling logged-in users to chat seamlessly.
Meals On Wheel Github
Tech stack: HTML, CSS, JavaScript, Java with Spring Boot and MySQL
<ul style="list-style-type: none">This project involves a team effort with five members, aiming to develop a full-stack application. Focused on front-end design, identified potential risks, and helped with backend issues. Actively participated in team discussions to solve problems and improve the project.

EDUCATION

Higher National Diploma (Lithan Educlaas) Website	Singapore, Online
Software Engineering	June 2023 - July 2025
(Weekend, Part-Time Program)	
West Yangon Technological University Website	Yangon, Myanmar
Information Technology	May 2022 - March 2024
Second Year (Passed)	

SKILLS

Technical Skills: HTML, CSS, JavaScript, Java, Java with Spring Boot, Typescript, ReactJS, VueJS, TailwindCSS, MySQL, Firebase, MongoDB, Git, AWS S3, Redis, Docker, PostgreSQL and Unit Testing
